

National LifeChain Sunday

This year in 1,600 towns and cities across the U.S. and Canada, hundreds of thousands of Pro-Life people will gather to pray along main streets.

The LifeChain breaks no laws and can be done by both young and old alike. It is a simple yet effective way for all those who call on the name of the Lord to show that they are opposed to the killing of babies. LifeChainers simply stand along the roadside, peacefully and prayerfully, for 1½ - 2 hours on a Sunday afternoon holding a sign.
